

STREAMER S320E110R

The blast machine IMPACTS STREAMER S320E110R is a compact and powerful blast machine to work on medium sized horizontal surfaces. In order to reach the optimal blasting capacity and performance, it is recommended to use the STREAMER S320E110R together with the IMPACTS dust collector DUSTCOM DC2725.

FEATURES

- § All in one „lift lock“ for the dustbin handling
- § New developed „ Side-Force“ lining system with improved wear resistance
- § Strong drive motor
- § Optimized weight
- § Extreme manoeuvrable

SPECIFICATION

Model	Streamer S320E110R	Streamer S320E110R-SB
Blasting Power	11 kW	11 kW
Travel speed	Variable speed 0-26m/min	Variable speed 0-12m/min
Power supply	400 V/50 Hz, 32 A CEE	400 V/50 Hz, 32 A CEE
Blasting width	320 mm	320 mm
Blasting capacity	Up to 180 m ² /h on concrete	Up to 30m ² /h degree of purity SA 2,5
L x W x H in mm	1.407 x 488 x 1.125	1.407 x 488 x 1.125
Weight	270 kg	270 kg
